*Apro**flow*** 💙 *ETHDenver*

*Apro**flow*** is a fully-integrated educational program and network focused on emerging trends, curriculum enhancement, industry partnerships, and authentic student experiences. We offer ongoing curriculum integration opportunities and programming throughout the year as part of our *flow* with multiple university partner institutions.

As an ETHDenver partner, *Apro**flow*** is here to serve you and **radically enhance the value** you can expect from the premiere hackathon in the Ethereum ecosystem as part of our *flow*. As a sponsor, you want the **spotlight to be on you - *we can help you stand out among the crowd!***

We unbox the potential <u>around</u> ETHDenver and get you connected directly to attendees, so they go straight to using your products and services at ETHDenver and beyond.

Blurring boundaries between earning, learning, and living

Complete Event Package - $775

❖ **2.5 Hour Hosted Event** for up to 50 participants.
